

KYOTO

LIGHT COLLECTION

The KYOTO light collection is influenced by the modest Japanese lifestyle and the simple forms of Scandinavian design. Nothing in these lights is superfluous. Straightforward reduced brass design with different patinas or powder-coated colours. The lights fit into every style of living.

DESIGNER AND PRODUCER

EL SCHMID the designer, artist and master of metal creations lives and works in sunny Seville.

After spending his youth in Austria and successful years in Munich, he found his new home 26 years ago in Andalusia.

"The wonderful luxury of new german design" that's how the catalog "Nouvelles Tendances" from Centre Georges Pompidou described his work...

Under palm trees, he creates his design ideas for brands such as ZEITRAUM, LAMBERT... and his own label EL SCHMID.

At his MANUFACTORY he produces with his team high quality handcrafted design pieces.
